

Program and Abstracts

13th commonwealth international sport conference
9 - 12 march 2006 melbourne australia

A masterpiece of biomechanical engineering.

The foot is a masterpiece of biomechanical engineering. It is also the model for ASICS I.G.S. adaptive technology and philosophy of enhancing the natural motion of the foot.

The GEL Kayano has led the way in developing ASICS I.G.S. adaptive technology, which is used throughout all

categories of ASICS running shoes, as well as walking, netball, tennis and indoor shoes, and the Australian developed GEL Lethal football boot.

There's an I.G.S. shoe for every foot. Ask your ASICS retailer for the shoe that best suits you and enjoy the ride.

♂ GEL KAYANO XII

♀ GEL KAYANO XII

The stripe design featured on the sides of ASICS® shoes is a trademark of ASICS Corporation and is a registered trademark in most countries of the world.

13th Commonwealth International Sport Conference

People, Participation and Performance

9 -12 March 2006
Moonee Valley Racing Club
Melbourne Australia

13th Commonwealth International Sport Conference Partners and Sponsors

Conference Partners

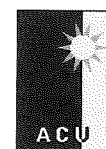

Gold Sponsor

Silver Sponsor

Support Sponsors

Affiliated Conferences

SMX2006 (Victorian Conference of Science and Medicine in Sport and Exercise)

National Leaders in Sport Conference

12th Annual SMAANZ conference in conjunction with the

6th International Sport Management Alliance Conference

Affiliated Organisations

Sport Management Association of Australia and New Zealand (SMAANZ)

Australian Council for Sport, Physical Education and Recreation (ACHPER)

International Society for the Advancement of Kinanthropometry (ISAK)

Physical Education Association of the United Kingdom (PEA UK)

Sports Physiotherapy Australia (Victoria)

Professional Conference Organiser

Sports Medicine Australia (Victoria)

Invited Speakers

The Hon. Michael Fennell OJ, CD

Mr Fennell is the President of the Commonwealth Games Federation, in addition he is/has also been:

2nd Vice President of the Pan American Games Organisation (1996 – present).

A member of the Commonwealth Heads of Government Committee on Cooperation through Sport (1989 – 2004).

A member of the newly formed Commonwealth Advisory Body on Sport (CABOS) 2005 – present.

A member of the IOC Coordination Commission for the 1996 Olympic Games in Atlanta.

A member of the IOC Evaluation Commission for the 2000 Olympic Games in Sydney.

A member of the IOC Coordination Commission for the 2004 Olympic Games in Athens

A member of the IOC Women in Sport Commission.

A member of the IOC Programme Commission.

A Regional Coordinator for Olympic Solidarity Sport Administration Courses.

Mr Alistair Gray

Alistair Gray, the founder of Genesis is one of Europe's leading strategic management consultants. His early business career was with Unilever and the John Wood Group PLC before consulting internationally with Arthur Young and PA Technology. Alistair founded Genesis in 1992. He is also Chairman of Curtis Fine Papers, a major pension fund and a former non-executive director of Highland Distillers plc. He was the founding Chairman of The Scottish institute of Sport, from 1998 to 2005. His consulting clients include a number of leading multi national PLCs and sporting organisations like the ICC (Cricket), The FA, England Rugby Union, the R&A (Golf), UK Sport and Sport England.

13th Commonwealth International Sport Conference (CISC2006): People, Participation and Performance

Scientific Program

* = Presenter

(xx) = Presentation length including questions

Thursday 9 March 2006	
1500	Market Place
1730 - 1900	Celebrity Room
Registration	
Official Conference Opening	
The Governor of Victoria - Mr John Landy	
The Federal Minister for Arts and Sport The Honorable Senator Rod Kemp	
The Victorian Minister for Commonwealth Games, Sport and Recreation – Mr Justin Madden	
Opening Plenary Session: Achieving Success, Yesterday, Today and Tomorrow	
Ms Catherine Freeman, Mr Steve Moneghetti and Professor Bruce Kidd;	
MC – Ms Nicole Livingstone	
1900 - 2000	Deck Bar
Welcome Reception	

845	Celebrity Room	Keynote Address Leading Cultural Change - Developing and Evaluating Policy Dr Ali Bacher									
1000		Morning Tea									

Room /Time	Celebrity Room	Members	Sunline	Committee 1	Committee 2	Silks	Jockey 2	Jockey 1	Meeting Place	Valley View	Parade	Legends 1	Legends 2
1030 -1230	Stream Keynote: Dr Jo Harris Best practice in physical education. (60) Papers: Best practice Dean Barker "You can't work as a team" Constructing teamwork in physical education. (30) Gillian Wells Challenging ability and gender in Queensland senior physical education. (30)	Workshop: Success in sport and life Bernadette Strakowski & James Tomkins Success in sport and life: Getting the balance right. (60) Workshop: Physical activity of school children Geraldine Naughton, John Sealf & Kay Gibbons Childhood overweight and obesity is a key issue in junior sport. (60)	Workshop: Preparing for situations in coaching Ken Davis What if? (90)	Papers: Law: Judicial procedures Adrian Anderson & Graham Annesley Examining contemporary tribunal processes. (60) Jean-Christian Doleif Extra time: Are the new FIFA transfer rules doomed. (30) Anneliese Goslin Salmir Burger & Darlene Kluka Perceptions of South African sport federations on affirmative action and gender management. (30)	Papers: Tourism Patrick Gillett "Non-local Masters Games participation: Identification of underlying psychological motives for active sport tourism. (30) Solih Husin Sport tourism in Malaysia. (30) John Davies & Jo Willmott Rugby union and group sport tourism - Lions and All Blacks fans. (30) Bob Heere Measuring team loyalty: Changing the psychological commitment to team scale into the team loyalty scale. (15)	Papers: Governance Phil Borgeaud Improving governance and management of Australian sports organisations: A policy perspective. (30) Lesley Fekins & David Shilbury Developing strategic capability in NSO boards. (30) Matthew Nicholson & Russell Hoye From races to events: The transformation of Victorian country racing. (30)	Papers: Commonwealth Games Tom Bruce & Emma Wensing A battle for the soul of sport: Modern and postmodern discourses in media coverage of the Commonwealth Games. (30) The Hon. Mike Fennell OJ CD, President Commonwealth Games Federation Games post 2006: Challenges and Opportunities (30) Emma Wensing Commonwealth broadcasting? A case-study analysis of the CBC's programming decisions regarding the 2006 Commonwealth Games. (30) Alien Edwards & Dwight Zakus Commonwealth Games: The Spectacle of British Empire. (30)	Papers: Marketing Maria Hopwood & Allan Edwards "I don't like cricket, I love it!" The influence of the Twenty20 effect on 21st century cricket. (30) David Stolar Celebrity athlete endorsements & decision making and key criteria. (30) Michael Friedman, Michael Silk & David Andrews Enchanting space: Lessons from classic sports facilities. (30)	Stream Keynote: Lumbo-pelvic complex Mr Steve Saunders Locomotor control of the lumbo-pelvic complex. (60) Invited Speaker: Lumbo-pelvic complex Anthony Schache The relationship between biomechanical factors of the lumbo-pelvic complex and running injuries. (60)	Invited Speaker: Sport psychology Simon Lloyd Sport psychology within a professional sport: How does it fit in with the coaching models and structures? (45) Papers: Sport Psychology John Williams An examination of the relationship between science research practice and the elite coaches in Australia. (15) Samantha McLeod Psychological and non-psychological predictors of injury and rate of recovery in elite and professional basketball players. (30)	Symposium: Skill: acquisition and measurement Damian Farrow Skill acquisition testing and training in a high performance environment. (30) Adam Gorman Does video based perceptual training benefit the highly skilled? (30) Megan Rendell An expertise approach to examining the attentional demands of a basketball free throw. (30) Juanita Wessnerstein A multidisciplinary approach to measuring bating skill across the developmental spectrum. (30)	Papers: Exercise Physiology: Indicators of fatigue Bakhtiar Taribian The effect of elect aerobic training on breast milk IgA concentrations. (15) Paul Smith, Mark Goss-Sampson, Mike Doherty & Michael Price Reproducibility of differentiated ratings of perceived exertion during incremental arm crank ergometry. (15) Jordan McIntyre, Andrew Kidding, Grant Mawston & Simeon Cairns Quantification of several fatigue measures during prolonged cycling to exhaustion. (15) Helen Matthews & Martyn Matthews Salivary Immunoglobulin A as a marker of individual immune response to pre-season training in elite youth soccer players. (15) John Newell, Stan Grant, Benny McMillan & David Ridd Reliability and predictive capabilities of blood lactate endurance markers. (15) Surya Kumar Magee & Y Venkataramani Impact of incremental training load on physiological efficiency and energy requirements in athletes. (15) Tim Heazlewood A factorial structure of the decathlon: Implications for training. (15)	Papers: ISAK 1 Justin Keogh, Jarrod Pressland & Tim Doyle Positional differences in the kinanthropometry of rugby union players. (15) Timothy Doyle Justin Keogh & Jarrod Pressland Kinanthropometric differences in different standards of rugby union players. (15) Hans De Ridder & Etri Meyer The evolution of physique in male South African Springbok rugby players: 1896 - 2004. (15) Hans De Ridder Collette Underhay & Lateef Amusa Sexual dimorphism in world-class runners. (15) Ben Coetzee & Hans De Ridder Sexual dimorphism in elite South African crawl stroke swimmers. (15) Patricia Wong, Tim Heazlewood & William Ross Physiological and educational software for the assessment of human morphology and composition. (15)

Room /Time	Celebrity Room	Members	Committee 1	Committee 2	Silks	Jockey 2	Jockey 1	Meeting Place	Valley View	Inner Circle	Legends 1	Legends 2
1230 - 1330												
1330 - 1500	Opening <i>SMAANZ/SCORS opening</i> (15) Stream Keynote: Sport Policy Professor Laurence Chalip Emerging and fundamental issues in sport policy: The Commonwealth and beyond. (45) Roger Draper CEO Sport England Sport on the move. (15) Nick Hill CEO SPARC Focussing for success. (15)	Invited Speaker: Physiotherapy Alison Grimaldi Dynamic function of the hip & pelvis: The importance of specificity in maximizing stability (60)	Papers: Talent identification Erin O'Keefe Towards the development of a talent identification and development program for coaches. (15) Anita Pienaar Talent identification and development of spinning and long jump ability among 10-15 year-old girls from disadvantaged communities. (15) Christopher Hickey* & Peter Kelly* "We'll only recruit public school boys in the future": Issues of risk management in talent identification and professional development in the AFL. (30) Tim Heazlewood* Statistical approaches for talent identification. (15)	Papers: Analysing performance Alexandra McManus* & Mark Stephenson The netball performance test: maximising performance, minimising injury. (15) Margy Galloway*, Conny Draper, Mark Moresi & Ben Williams A comparison of race strategies in sprint kayaking (500m), freestyle swimming (200m) and athletics (800m). (15) Fumito Yoshikawa* & Katsuyoshi Shirai Utilisation of multiple views for performance analysis of badminton. (15)	Papers: Best practice in physical education 2 John Quay* & Jacqui Peters* Seeing the forest as well as the trees: Connecting models of physical education. (15) Tony Rossi* & Mary Ryan* Sport, physical education and multiteraces: Enhancing performance through meaning making. (15) Jon Spence Preparing pupils for success in physical education and school sport: Applications of personal and social construct psychology. (30)	Symposium: Constraints and performance Keith Davids* Nick Fyfer*, Rick Shuttleworth*, Ian Renshaw*, Angela Abbott* & Chris Borton* Constraints on sport performance. Angela Abbott* & Chris Borton* Characteristics of development and excellence in paralympic athletes. (90) Ian Renshaw* & Keith Davids Manipulating informational constraints and cricket bowler run-ups. (30)	Papers: Sports Psychology Joanne Arculi Aerobic group exercises classes provide significant and immediate decreases in mood disturbance: Effects on a non-clinical sample of women. (15) Narassiah Kotkur An appraisal on motivational levels and performance among adolescent athletes at Andhra Pradesh sports school, India. (15) Andrew McHardy* & Henry Pollard What type of golfer suffers from the "Yips"? (15) Willy Pieter Psychological mood and performance in aikido athletes. (15) Rebecca Wong* Changes in state anxiety in Malaysian wushu athletes. (15)	Australian Sports Commission Disability Symposium: Global best practice in disability sport. Part 1. Chair: Jacinta Baldwin Gudrun Doll-Tepper Innovative approaches in Disability sport: An international perspective. (30) Amanda Hunt* & Helen Cunningham* Creating active change in communities one hop, skip and jump at a time. (30) Peter Downs Creating training pathways for classifiers: A national and international challenge. (30)	Papers: Engaging and improving participation Thoko Mlonyeni Active community clubs (ACC), South Africa: An initiative of the Australia Africa 2006 Sport Development Program. (30) Gayle Rogers Boosting participation through better partnerships with schools. (30)	Papers: Coaching competence Julia Walsh Good coaches don't happen by accident. (30) Hamish Teller Using reflective practice to develop coaching competence in novice coaches. (30) Nic Austin Expertise in basketball coaching: Visual perception and its effect on decision-making. (15) Anthony Carter* & Reinhold Muller A survey of the injury knowledge of coaches of junior rugby union. (15)	Papers: Strength & Conditioning Carl Pabon*, Ryan Hamilton & Will Hopkins Effect of high-intensity resistance training on performance of competitive distance runners. (15) Michael McGuigan*, Alison Egan, Jason Winchester & Carl Foster Perceived exertion of different resistance training techniques in the squat exercise. (15) Joanne Wallace*, Elizabeth Egan, Jim Lawlor & Tom Reilly Body composition changes in professional soccer players in the off-season. (15) Isabel Frago, Flomena Vieira*, Fátima Baptista, Carlos Barrios, Luis Silva, Pedro Teixeira, Helena Santa Clara, Pedro Mil Homens, Luis Sardinha & Alexandra Rodrigues Influence of maturation on morphology, food ingestion and motor performance variability of Lisbon children aged between 7 to 8 years. (15) Invited Speaker: Jan Clarys, Mike Marfell-Jones, Steven Provyn Post-mortem body composition as a contribution to health science and the optimisation of the nutritional status assessment in-vivo. (30)

1500 - 1530													
1530 - 1730	Sport Policy (cont) <i>Janel Beverley</i> <i>Senior Policy Officer</i> <i>Sport Canada</i> Coordinating sport policy. (15) <i>Mark Peters</i> CEO <i>Australian Sports Commission</i> Striving for continuous improvement. (15) Sport policy panel <i>Professor Laurence Chalip</i> Facilitator (45)	Papers: Improving elite performance <i>Tim Marlon</i> What can high performance sport learn from the military to establish a competitive edge? (30) <i>Paul Gaslin</i> Athlete performance management: The key to coaching success. (30) <i>Brendan Burkett* & Rebecca Melifont</i> Performance enhancement for Paralympic athletes. (30) <i>Brian Dawson *</i>, <i>Louise Richmond & Peter Eastwood</i> Effect of interstate travel on sleep patterns and performance in elite Australian rules footballers. (15) <i>William Freeman</i> Can expert systems be applied to elite sport training? (15)	ACHPER & UKPEA Symposium: Sharing successful practices in Physical Education. (120) Chair: <i>Jeff Enniss</i> <i>Ashley Burnett</i> Reflective practice as professional development. (15) <i>Andy Wild</i> The national continuing programme. (15) <i>Chris Hickey</i> Developing character: A collaborative approach to improving sporting outcomes. (15) <i>Dominic Haydn-Davies</i> Kingston school sports partnership. (15) <i>Sue Cormack</i> Community sport: A Selling for social connection. (15) <i>Richard Tremere</i> Case studies of talent development strategies in school physical education (15) <i>Graham Dodd</i> The re-establishment of middle & secondary HPE teacher education program in SA. (15) <i>Michael Waring</i> Scenario-based education as part of blended learning in a secondary physical education course. (15)	Symposium: Building community partnerships to enhance participation in sport and physical activity (120) <i>Paul Webb</i> A model for coach education in tertiary institutions for the preparation of teachers. <i>Phil Pearson</i> Developing partnerships between tertiary institutions and community sporting organisations <i>Kim McKeen</i> Developing partnerships between tertiary institutions and primary schools.	Symposium: The Commonwealth Institute - Lifestyle of our Kids (LOOK) Study <i>Richard Telford</i> Introduction: Physical activity and health of our children (10) <i>Don Byrne</i> Physical activity and psychological well-being. (15) <i>Paul Waring</i> Physical activity, tissue inflammation and antioxidant status. (15) <i>Mark McGrath</i> Physical activity, perceptual style and motor control. (15) <i>Richard Telford</i> Physical activity, metabolic syndrome and metabolic fitness. (15) <i>Shona Bass</i> Physical activity and bone health. (15) <i>Marc Budge</i> Physical activity and cardiovascular health. (15) <i>Richard Telford</i> Concluding remarks - Oxygen: The master of the game. (10)	Invited Speaker: Workshop: Physiotherapy <i>Steve Saunders</i> Pelvic control. (45) Invited Speaker: Workshop: Physiotherapy <i>Alison Grimaldi</i> Functional assessment & therapeutic exercise for stability of the hip & pelvis (45)	Invited Speaker: Sports Psychology 2 <i>Sean Richardson</i> The seduction of the Olympics and overtraining: Burnout in preparation for major events. (90)	Australian Sports Commission Disability Symposium: Part 2 Chair: <i>Jacinta Baldwin</i> <i>Ken Black</i> Developing disability sport: A key to the future! (30) <i>Alison O'Riordan* & Laurent Frossard*</i> Overview of the use of applied biomechanics for evidence-based training of elite seated throwers. (30) <i>Dame Tanni Grey-Thompson</i> 'Cos people like you are marvellous. (30)	Meet the Coach NB This session will commence in the SUNLINE room and break out into the three workshop sessions listed below in the Cox Plate, Parade and Sunline Rooms Invited Speaker: Ron Smith Use of sports science and technology in scouting and preparing teams. (30)		Invited Speaker: Biomechanics 1 <i>Andrew Lytle</i> Optimising swim starts and turns. (60) Papers: <i>Kim Hastings, Paul Smith & Mark Goss-Sampson*</i> Comparison of quiet stance control between gymnasts and non-gymnasts. (15) <i>Lee Harrington</i> The relationship between Q-angle and medio-lateral position of the patella. (15) <i>Lee Harrington</i> Does exercise type affect overall activity levels of vastus medialis oblique & vastus lateralis. (15)	Workshop: Photocopying somatotyping <i>Lindsay Carter</i> Photocopying somatotyping. (90)	

Saturday 11 March

1030 -1230	Stream Keynote: <i>Professor Gudrun Ditz-lepper</i> Physical education and sport - from Manchester through Melbourne to New Delhi - The challenges of globalisation. (60) Papers: Physical education: The global state of play 1 <i>Barrie Gordon</i> An evaluation of an application of the "Responsibility Model" in a New Zealand secondary school physical education programme. (30) <i>Emmanuel Owolabi</i> Curriculum physical education and physical fitness: A study of PE and non-PE secondary students in Botswana. (15)	Symposium: Clinical gait analysis <i>Elizabeth Bradshaw* & Kade Paterson</i> (120) Biomechanical gait assessment for performance enhancement and injury prevention in running-based sports. <i>Craig Tanner</i> Foot biomechanics <i>Discussion Steve Saunders</i>	Symposium: New frontiers in 3D anthropometry <i>Moderator: Arthur Stewart</i> <i>Tim Olds</i> Fitting the man to the machine using 3D scanning. (15) <i>Nathan Daniel</i> A comparison of the accuracy of the Vitus Smart and Hamamatsu Body Line 3D whole-body scanners. (15) <i>Tim Kupke</i> Towards a generalised anthropometric language. (15) <i>Fleur Honey</i> Fitting the woman to the dress: A cylindrical peg in an hourglass shaped hole. (15) <i>Jane Fraser</i> Revising sizing: Modifying clothing templates to match the 3D shape of real women. (15) <i>Grant Tomkinson* & Linda Shaw</i> The use of 3D scanning in postural analysis. (15)	Papers: Marketing 2 <i>Dan Funk* & Lynn Ridiger*</i> Sport product importance: Understanding the meaning of consumer's place on sport teams. (30) <i>Debra-Ann Pace* & Mariene Dixon*</i> Marketing club sports to the teenage segment. (30) <i>Maria Hopwood</i> Everywhere we go, people want to know, who we are... The role of cricket supporters in contemporary sports public relations. (30) <i>Dai Gilbertson</i> The death of sponsorship. (30)	Papers: Law 2 <i>Anne Tivas</i> Developing the role of the designated person for child protection/welfare in sports organisations in the UK. (30) <i>Sue Hooper & Barbara James*</i> Delivery of sport to juniors: Risk management considerations. (30) <i>Ian Warren* & Caroline Symons*</i> Anti-discrimination law and policy: Australian developments. (30) <i>Simon Amor* & Terry Woods</i> Intellectual property and image rights in the professional sports organisation: Gloucester Rugby Football Club case study. (30)	Papers: Elite sports systems <i>Ken Norris</i> Managing partnerships - ACT Academy of Sport: A case study. (30) <i>Margaret Tang*, Sue Colyer</i> Comparison of factors contributing to Olympic success in Australia and Taiwan: A Delphi study. (30) <i>Graham Brown* & Morgan Buckley*</i> "Keeping Canada competitive". (30) <i>Roel Bekker</i> Dutch sport policy: An overview. (30)	Papers: Action sports <i>Jan Lewis* & Shane Pegg</i> Go hard or go home: Primary motivations for engagement at the elite level in extreme sports. (30) <i>Pamm Kelleir* & Roslyn Russell*</i> An exploration of the action sport industry: Entrepreneurs and generation Y. (30)	Papers: Participation <i>Hyun Jae Lee & Christine Green*</i> Who seals the dear? Family member influence on the purchase of sport services for children. (30) <i>Celia Brackenridge</i> The Parents' Optimum Zone: Measuring and optimising parental engagement in youth sport. (30) <i>Abel Torola* & Lateef Amusa</i> Facilitators of sport participation among residents in major administrative districts in Botswana. (30) <i>Cecilia Hernana*, Nadine Cohen*, Brent Espeland*, & Mathew Dersien*</i> Let's play fair: Encouraging good sporting behaviour now and into the future. (30)	VICHEALTH Partnerships Chair: Dr Rob Moodie CEO VicHealth <i>Kellie-Ann Jolly*, Shelley Maher & John Strachan</i> Promoting health through state sporting associations: The Partnerships for Health Scheme. (30) <i>Meghan Casey*, Shelley Maher*, Rochelle Enne, Kellie-Ann Jolly, Sue Brown & Jack Harvey</i> The development of Regional Sports Assemblies as health promoting organisations. (30) <i>John Stevens</i> People, participation and performance: The changing role of county sports partnerships in England. (30) <i>Assunta Morrone</i> Engaging diverse communities in sport: The case for community development. (30)	Papers: Physical activity and participation <i>Fisban Clement</i> Perceived barriers to participation in leisure and recreation in an academic community. (30) <i>Stuart Dempster</i> Children, racehorses, and the North American Indian. (30) <i>Ramabaree Komalasingh, Ananya Kistamar*, R. Rajagumar & N. Achuthar</i> Sports participation and perceived health: A study of undergraduate users and non-users of the University of Mauritius by gender. (15) <i>Vaddepalli Salyaranyana</i> Relationship between social attitude formation and leadership development among sport pupils at various levels of education. (150)	Symposium: Management of eating disorders <i>Fiona James*, Chris Howley* & Jacquie Louder* (120)</i> The management of eating disorders in patients suffering from exercise addiction. <i>John Crampton</i> Towards 2015: Integrating the service through the creative use of technology in order to return to the essence of performance. (30) Workshop: <i>Troy Flanagan*, Nick Sanders*, Jeremy Oliver* & Roger Flynn*</i> A problem solving-based approach to sport science and technology development. (60)	Papers: Technology and information systems <i>Herbert Haag</i> Sport information as theory field of sport science and its position as an acting part within a comprehensive and holistic research methodology for sport and exercise science. (30) <i>John Crampton</i> Towards 2015: Integrating the service through the creative use of technology in order to return to the essence of performance. (30) Workshop: <i>Troy Flanagan*, Nick Sanders*, Jeremy Oliver* & Roger Flynn*</i> A problem solving-based approach to sport science and technology development. (60)	Papers: Developing professional trained coaches <i>Julia Welsh</i> Coach expertise development and application. (30) <i>Julian North</i> Professionalising the sports coaching workforce in the UK. (30) <i>Sian Mulholland* & Tony Wynd</i> Coach Retention Survey. (30) <i>Christopher Sellers</i> Coping with transitions from elite player to professional coach: the case of rugby league in England. (15)	Papers: Competing and preparation to compete <i>Myrian Nunomura*, Carlos Manoel Araujo & Raul Ferreira Filho</i> Pre-competitive stress and young female gymnasts. (15) <i>Angela Pickard</i> "My hobby has become my ambition": Investigating talented dancers. (15) <i>Kyll-Age Gotsvassil</i> Development of knowledge based elite sport in Norway. (30) <i>Jamie Ferreira</i> A high performance program for South African rugby. (30)	Symposium: Interdisciplinary performance enhancement <i>Andrew Harrison*, Mark Simpson*, Matthew Parker* & Michael Hughes*</i> The elite squash athlete: An interdisciplinary approach to affecting a performance enhancement. The effects of a new squash scoring system on the physical and physiological interventions for elite squash athletes. Simulation of real match play using visual and audio cues and its potential use as a physical and physiological intervention. Profiling the physiological demands on the elite squash athlete using an interdisciplinary approach. Delivery of strength and conditioning support to elite squash athlete using an interdisciplinary approach.

1330 - 1500	Stream Keynote: Media Associate Professor Catherine Lumby Managing media in sport: Playing by whose rules. (60)	This Presentation will commence upon completion of the Stream Keynote in the Celebrity Room Development 1 <i>Popi Soltriadou* & David Shilbury</i> Broadcasting technology effecting inter-organisational relationship (IOR) formation in professional sport clubs. (30)	This Presentation will commence upon completion of the Stream Keynote in the Celebrity Room Sport Studies1 <i>Tosha Tsang</i> Recognising the colonial in sport: A postcolonial look at FIFA and international football. (30)	This Presentation will commence upon completion of the Stream Keynote in the Celebrity Room Development 2 <i>Johannes Van Wyk</i> Leisure sport and recreation) functioning of hearing impaired individuals: Implications for management. (30)	Coaching Stream Keynote: <i>Dr Jean Côté</i> The building blocks of positive environments for children's sport and physical activity. (60)	Sport Physiotherapy Australia Symposium: <i>Lyn Watson</i> Scapula Biomechanics: Implications for clinical assessment and rehabilitation strategies (45) <i>Greg Hoy</i> Surgical aspects of athletic shoulder injuries (45)	Invited Speaker: Critical Incidence management <i>Lisa Stevens</i> What to do when the unexpected happens: Critical incidence management in sport. (90)	Papers: Philosophical questions for physical education <i>Abel Toriola</i> Promotion of peace and international understanding through sport: Fact or fantasy? (30) <i>William Freeman</i> Citius, altius, fortius: Motto and ethical paradox. (30) <i>Ian Culpan* & Jill Hargreaves*</i> Sport: Limited thinking, lack of meaning. (30)	Papers: Physical education - The global state of play 2 <i>Joe Marshall* & Ken Hardman</i> Assessing the state of play: Findings from the second international survey of school physical education. (15) <i>Myrian Nunomura</i> Specialisation and artistic gymnastics in Brazil. (15) <i>Richard Bailey*, David Morey & Harriet Dismore</i> Talent development in physical education: Towards a conceptual framework. (30) <i>Richard Bailey*, David Morey & Harriet Dismore</i> Talent development in physical education: A national survey of policy and practice. (15)	Invited Speakers: Spine pain management <i>Bruce Mitchell* & Greg Maham*</i> Innovative techniques in Spine Surgery(60) Paper: <i>Wayne Hoskins*, Henry Pollard, Chris Dair, Andrew Odell, Peter Garbutt, Andrew McHardy & Kate Hardy</i> Low back pain in elite and semi-elite Australian football codes (Australian rules, soccer, RL and U). (15) <i>Ross Clark</i> The effect of anaerobic fatigue on unsoludendrous stiffness, blood lactate and performance. (15) <i>Grant Tomkinson</i> The evolution of children's performance on tests of aerobic and anaerobic fitness. (15) <i>Philip Graham-Smith* & Adam Ridler</i> The relationship between strength, power, flexibility, anthropometry and technique in predicting 2000m and 5000m rowing ergometer performance. (15) (15)<i>Stanley Grant*, Tom Aitchison, John Newell, Lisa Brown, David Paterson, Erica Jones & Ian Watt</i> The effect of cadence on running economy. (15) <i>Emmanuel Owolabi* & Walter Shadreck</i> The physiological characteristics of Botswana national team male softball players. (15)	Papers: Physiological performance <i>Paul Smith*, Mark Goss-Sampson, Mike Doherty & Michael Price</i> The effect of imposed or spontaneously chosen crank rates on peak physiological responses during arm crank ergometry. (15)	Workshop: <i>Lindsay Carter</i> Photoscopic somatotyping 2. (90)
